

Outstanding Mathematics Programme

‘Providing teachers with the skills and strategies to enable them to become consistently and sustainably outstanding.’

This series of 2-day programmes for primary and secondary teachers will focus on subject knowledge, pedagogy and the role of coaching. It will support teachers who have the potential to be outstanding.

Delegates will:

- explore innovative and imaginative resources
- consider how to exploit misconceptions to develop learning
- consider how to enhance AfL and develop effective marking strategies
- understand problem-solving and investigative approaches to teaching to promote conceptual understanding
- consider how to develop high levels of literacy and mathematical literacy
- be informed about current best practice, research and initiatives in mathematics education.

Key teaching and learning messages are consistent across both versions of this programme to support transition between key stages 2 and 3.

Primary Teachers: EPGR1 - 25/02/14 and 28/04/14

Secondary Mathematics Teachers: EPGR2 - 12/03/14 and 01/05/14
