Northern Ballet brings the timeless tale of *Three Little Pigs* to life in a new 30 minute ballet created especially for children aged three and above. *Three Little Pigs* is the perfect opportunity to introduce children to the magic of live theatre, ballet and music.

Three little pigs set out into the world. The first pig decides to build a house of straw, the second a house made of sticks and the third pig chooses to build a house of bricks.

Then along comes a very hungry wolf.

The wolf begs each little pig to invite him in for dinner. When they refuse he threatens to huff and puff and blow their houses down. Will any of the pigs be smart enough to escape the big bad wolf?

Bringing the timeless fairytale to life Three Little Pigs is the perfect opportunity to introduce your little ones to the magic of live ballet, music and theatre.

The performances are approximately thirty minutes long.
