

2013/14

Outdoor Learning Cards (OAA)

Norfolk Integrated Education Advisory Services
(NIEAS)

Audience: All teachers, leaders and others involved in leading groups on educational and off-site visits.

Context: It shares the Outdoor Learning Cards activities, which contribute directly to a wide range of educational and development aims for young people and cover four elements of Outdoor Learning that can be delivered on a school site and surrounding environment:

Orienteering - developing good map reading skills

Team Building and Problem Solving - how to challenge your young people

Bouldering - Use of low level climbing walls

Journeying - Local visits organised by young people

Each of the activities stand alone in their own right, or can be further adapted and extended to suit specific needs and learning outcomes. There is guidance in each card in support of this.

The Cards are supported by a Handbook and CD (provided in the cost of the course) that provide detailed information on all aspects of activity delivery. All key elements for successful delivery are explored further in the training course.

By the end of the course participants will:

- Have undertaken a range of activities suitable for use on the school grounds and surrounding local area
- Have increased confidence in delivering outdoor learning activities
- Have access to a total of 50 ideas for outdoor lessons in a format that can be shared with other staff

13/05/2014 and 20/05/2014 16:00 – 19:00 (ECVD2 A)

It is a requirement to attend both twilight sessions

Whitlingham Outdoor Education Centre
