

SMSC through outdoor and adventurous activities

How to promote spiritual, moral, social and cultural (SMSC) development through outdoor and adventurous activities on the school site and beyond.

All aspects of SMSC will be considered but a particular focus will be on social development and the benefits of outdoor and adventurous activities. We will undertake a series of practical outdoor workshops where participants will have the opportunity to participate in outdoor and adventurous activities. There will be opportunities to reflect upon the learning and review the impact that these activities can have on SMSC. We will also consider the additional benefits of these activities and where they can be linked to the National Curriculum.

- Gain a deeper understanding of SMSC
- Explore how to promote SMSC through outdoor and adventurous activities
- Undertake a range of outdoor and adventurous activities suitable for use on the school grounds and the surrounding local area
- Have increased confidence in delivering outdoor learning activities.
