Inspiration and Innovation Event - for key leaders of learning in primary schools

Led by **Andrew Morrish**, Headteacher of **Victoria Park Primary Academy**, this event will enable sharing of outstanding practice to inspire debate and discussion. It will include workshops to facilitate improving your curriculum.

Victoria Park Academy is an outstanding multicultural primary school and nursery located in the heart of Smethwick in the West Midlands. With over 40 different languages spoken by the children, it's not surprising that according to Ofsted 'the whole place is currently buzzing with excitement.' (Inspection report 2011).

NIEAS is offering a comprehensive programme to support schools in implementing the requirements of the new curriculum, enabling the development of a modern, world-class curriculum that will inspire and challenge learners and prepare them for the future.
