

Teaching  
and  
Learning

# County Gymnastics Award (mandatory by 2015)

Norfolk Integrated Education  
Advisory Services (NIEAS)

This course will develop and extend the knowledge and understanding of all staff teaching gymnastics in primary schools and build confidence in their delivery of high quality gymnastic lessons. The progressive and safe teaching of basic gymnastics skills will be explored and combined with an understanding of the basic principles of movement, good sequence construction and the extension of pupils' work onto apparatus. The course demonstrates the County approved method of handling and moving apparatus as well as ensuring compliance with all other County requirements. The course will also equip practitioners with the knowledge and understanding to encourage creativity and help pupils to build more complexity into their movement sequences to extend and excel.

## Course objectives:

- increase staff confidence and competence in the teaching of this area of activity
- ensure access to the curriculum for all children and young people through inclusive teaching and learning
- explore effective delivery of national curriculum requirements
- examine best practice and the positive impact that it has on pupil achievement
- address misconceptions surrounding gymnastics and especially apparatus work, giving clarity to practice.

**Dates:** 26/06/14  
**Venue:** Mousehold Primary School
