**A brilliant teaching resource and the perfect opportunity to  
reinforce prior learning.**

**With the centenary of WW1 fast approaching Norfolk Fire and  
Rescue Services Youth Development Team are currently  
developing a free Living Heritage Road show.**

*(Subject to funding)*

**A living Heritage based project following the life of Private  
William James Goodchild of the 6<sup>th</sup> Battalion the Bedfordshire  
Regiment.**

**Students follow William on his journey from Suffolk to join the  
Bedfordshire's at St Pauls Cathedral. Through our carefully  
choreographed work and clever use of props students will be  
caught up in the euphoria of recruitment at that time. Students  
will enlist with William, taking the Kings Shilling.**

**Students are offered the opportunity to join William and his PALS  
in a specially constructed Mobile officers dugout and trench  
which is carefully constructed to bring alive the sound and  
smells of trench warfare living conditions.**

**If you are interested in further information or would like to voice  
your interest please contact  
[mark.keddie@fire.norfolk.gov.uk](mailto:mark.keddie@fire.norfolk.gov.uk)**

**This project will be supported by the Heritage Lottery Fund  
Archive Partner the Bedfordshire and Hertfordshire Regimental Museum Service.**
