The new *computing* curriculum: *What does it mean for KS1?*

Norfolk Integrated Education Advisory Services (NIEAS)

An introduction to the new *computing* curriculum for Key Stage 1

From September 2014, the ICT curriculum will be replaced with the new *computing* curriculum with a greater emphasis on the development of programming skills at key stages 1 and 2.

This course will focus on the practical development of skills throughout KS1 and different types of resources and software available to develop the skills. Find out what is meant by the term *algorithm* in the new *computing* curriculum at KS1 and get hands on with a range of free software.

This course is aimed at those less confident about developing 'computing (class teachers and TAs in Years 1 and 2).

Date and Time: 19/09/14 from 9.30 am - 4.00 pm
Venue: Norwich Professional Development Centre
Cost: £165 per delegate
Course Ref: EPGS3
