# Beyond the classroom: *a place for learning*

**An opportunity for senior leaders and teachers to explore how to support learning through using the outdoor environment.**

Delegates will experience a range of practical activities through which they will develop a variety of learning and thinking skills. This will be delivered by exploring how the outdoors can enhance curriculum areas, including literacy, mathematics, science, history, geography and PSHE.

Delegates will consider how these activities can be adapted to their own school and local environment.

Delegates will gain an awareness of the potential of outdoor learning to promote positive attitudes to learning and raise standards.
