ESPO frameworks can provide long term cost-effective solutions:

Our frameworks have been set up to ensure full compliance with EU and UK procurement regulations and only include suppliers that meet strict quality standards.

Portable appliances testing (PAT)

A fully compliant inspection and testing service for the provision of portable appliances and fixed installation testing services.

Commercial catering equipment

A quick, simple and competitive route to purchase or hire a large range of commercial catering equipment and associated services.

Commercial laundry equipment

A simple solution for the supply and servicing of washing machines, tumble dryers and rotary ironers.

Interactive technologies and audio visual solutions

A comprehensive offering for the provision of pre-sales support and advice, market leading equipment, full installation service, training options and ongoing post-sales support service on a wide selection of interactive technologies.
