# Implementing Cafés for school improvement

This course equips teachers and teaching assistants in Early Years settings and primary schools to run successful Café programme sessions for children and their families. Cafés are used from Foundation Stage to Year 6 and receive extremely positive mentions in inspection reports.

Through a variety of enjoyable, informal learning activities, as well as advice from school staff on how to develop and extend their child's skills, all parents/carers learn how to support their child's learning across the curriculum. The Cafés running in schools in Norfolk and other counties are helping children make improved progress as families are complementing at home what children are learning at school. They have proved to be an effective means to develop the school/home partnership.

<b>Date and Time:</b>	16/10/14 from 9.30 am - 4.00 pm
