**Pillars of Faith
& Awesome Arches
For upper KS2**

19th & 20th May

Looking for a day that ticks boxes for your RE, (spirituality, what being a Christian is all about) AND combines KS2 Science (forces and structures)?

- Science workshop under the arches in the cathedral – which forces enable arches to stay up there? Practical teaching and enquiry.
- Design and make your own structures - ‘hands on’ Science at it’s best led by a Scientist/teacher from the Ogden Trust for Physics, Stephanie Taylor.
- Tour and workshop around the cathedral enquiring into the concepts of how and why amazing sacred spaces inspire and help believers to feel closer to God. How beauty and art, worship, music and prayer bring faith alive.
- How art helps concepts like the Trinity and salvation become real for Christians

**Cost: £4.00 per pupil
due to generous
funding from the
Ogden Trust**
