# i Speak Spanish!

## Beginners Spanish for EYFS and Primary school staff

*"Raul carefully wrote a systematic and effective Spanish curriculum ... enormously helpful in gaining the full International School Award ... The impact on our children has been impressive ... Our children are confident expressing themselves in simple Spanish".*

(Rachael Judd, Headteacher, Mousehold Infants and Nursery School  
- an outstanding school[Ofsted])

Early exposure to foreign languages will build stronger multi-tasking skills, improve memory and decision-making, perceptiveness and English grammar and sentence structure. Children who study foreign languages tend to score better on standardised tests than their monolingual peers, particularly in mathematics, reading and vocabulary.

By the end of the course participants will:

- have a scheme of work for a year
- have been introduced to fundamentals such as greetings, classroom instructions, colours, parts of the body, family, numbers and animals
- have access to a variety of Spanish resources (videos, songs, rhymes) for classroom use and have the possibility of twinning up with a Spanish school.
