

E-Safety action planning and CEOP training (accredited)

Since September 2012, Ofsted has issued guidelines regarding e-Safety provision in schools. This full-day course is designed to enable high-quality leadership and management to make e-safety a priority in school.

As part the day, full CEOP *Thinkuknow* training will be provided, including certification.

Due to the nature of the work discussed at the event, each delegate must be able to produce the following documentation to the course leader at the start of training in order to attend the *Thinkuknow Introduction* course:

- a clean Enhanced CRB/DBS certificate, or equivalent, issued within the last three years
- photographic ID i.e. passport, driving licence, or work ID against which to check the CRB/DBS certificate.

If the CRB was not issued within the last three years, you need to bring your CRB and a letter from your organisation on letter headed paper, signed by a senior manager, stating the following:

'This is to confirm that we have undertaken necessary risk assessment of this delegate and are satisfied that they are suitable to work with children and young people/in the children's workforce.'

Delegates will receive a CEOP *Thinkuknow* certificate and access to further *Thinkuknow* materials.

Date and Time:	15/05/2015 from 9.30 am - 4.00 pm
Venue:	Norwich Professional Development Centre
Cost:	£165 per delegate
Course Ref:	TLS-0515-T018
