INSPIRED...

To create poetry & explore challenging contemporary issues in the city's ancient sacred space?

Planning an end of term escape?

Why not get in touch to book a poetry day in May/June or July, led by poet: Ayomide Sotubo.

Through a poet's eyes...

Students tackle the sensitive topic of human trafficking.

- They explore real stories
- Mide will perform some of her poetry
- In the special atmosphere of the cathedral students can produce their own poetry and perform it 'in situ'

This will be a challenging and inspiring day or half day
