Creative approaches to Primary Geography

Norfolk Integrated Education Advisory Services (NIEAS)

An opportunity for geography subject leaders (or those with an interest in geography) to gather new ideas for teaching the new geography curriculum creatively on a practical, hands-on and fast-paced training day.

Teachers who attended this course during the Spring 2015 term have said:

"Excellent throughout. By far the most informative and engaging course I've been on. Absolutely brilliant!"
"The course leader had a plethora of practical, simple and fabulous ideas for bringing fieldwork to life without any unnecessary fuss"
"I now feel I can put a plan together for future geography leadership."

The course will give participants plenty of new ideas for making their geography curriculum fresh, motivating and relevant. We will use the comfortable surroundings of Holt Hall Environmental and Outdoor Learning Centre to explore creative ways of teaching primary geography through indoor and outdoor sessions.

Participants will:
- take away a range of practical ideas for teaching high-quality geography
- understand geography's core knowledge and skills within the context of the new national curriculum
- understand a framework for assessment in geography
- be able to identify some opportunities for linking geographical learning with other subjects
- have access to tools that help them to evaluate geography subject leadership
- have developed their well-being having had a fun learning experience with like-minded colleagues.

Please note that this course will use some of the most successful practical elements from the 2009, 2010 and 2012 Norfolk primary geography conferences and as such is not suitable for delegates who have attended these events.

Date and Time: 12th May 2015 from 9.30 am - 4.00 pm
Venue: Holt Hall Field Studies Centre
Cost: £165 per delegate
Course Ref: TLS-0515-T017
