4031	Wayland Community High	3

Please remember:

1. Inclusion on the above does not guarantee a mobile change for September.
2. The LEA's mobile stock can be used only to meet basic need growth. This is defined as an insufficiency of places within a 2 mile radius at primary level and a 3 mile radius at secondary level.

FORM A

Schools which may have a mobile accommodation need for September 2003.

SCHOOL NAME

The forecast figures for your school indicate you may need mobile accommodation for September 2003.

A. If you agree with this analysis, please indicate:-

1. the number of general teaching mobiles you think you will need (NB a standard sized mobile for general teaching will typically increase capacity by 27 places). Please note we are very unlikely to be able to meet the full level of need identified through this process.

B. If you do not agree with this analysis, we will assume that you can meet the anticipated increase in demand without the need for additional mobile accommodation. We would value your comments on this situation.

Signed **Date**

Position

Important Note

The budget to provide mobile accommodation will be fixed. Therefore, until all returns are received and considered, it will not be possible to confirm the availability of mobile accommodation, nor the number or nature for any school. Schools will be notified of our decision early in the Spring Term.

Please return this form to Helen Bates at Planning & Buildings Section, Room 130, Education Dept, County Hall, Norwich, NR1 2DL. Alternatively, the requested information can be e-mailed to helen.bates.edu@norfolk.gov.uk.
Return by: **20th December 2002** if possible. Closing date: 10th January 2003

FORM B

Schools considered for removal of mobiles by September 2003

SCHOOL NAME

The forecast figures for your school indicate you may have surplus mobile accommodation for September 2003.

- A.** If you agree with this analysis, we will assume that you have no objection to the removal of one or more of your mobiles.
- B.** If you do not agree with this analysis, please indicate:-
1. What evidence you have that you will need to retain your current level of mobile provision.
 2. Whether there are any other issues we should be aware of that would support your need to retain the mobile.

Signed **Date**

Position

Please return this form to Helen Bates at Planning & Buildings Section, Room 130, Education Dept, County Hall, Norwich, NR1 2DL. Alternatively, the requested information can be e-mailed to helen.bates.edu@norfolk.gov.uk. Return by: **20th December 2002** if possible. Closing date: 10th January 2003.
