

What are the benefits of having a Primary SCITT trainee?

“ One of my staff has been a mentor for the first time this year. The experience has been invaluable for her professional development. Modelling excellent practice to her student everyday has enhanced her own teaching and the children's progress. ”

Mark Girling—Head Teacher,
Melton Primary

“ Highly personalised training which is carefully tailored at every step to maximise trainee progress, and enhance their confidence and well-being. ”

Ofsted—June 2013

“ Our collaboration with SCITT has been an outstanding piece of CPD work for all concerned. It has been immensely rewarding to witness the development of one of our own Teaching Assistants into the teacher role, along with seeing the professional growth of her assigned mentor in our academy. ”

Theresa Rogers—Executive
Principal, Admirals Academy

“ Our collaboration with SCITT has enabled us to interview and appoint our own high quality trainees. SCITT provides a high level of support for both the trainee and the school based mentor. As a result we have been able to provide high quality CPD for our own staff whilst we 'grow our own' outstanding teachers for the future. ”

Ashley Best-White—Executive
Headteacher, Old Catton and
White Woman Lane Federation

Introducing the Primary SCITT

Primary School Centred Initial Teacher Training (SCITT) with School Direct

Suffolk and Norfolk Primary SCITT is a nationally recognised high quality teacher training programme which received its second consecutive 'Outstanding' judgement from Ofsted in June 2013.

The programme is known for its care for the individual trainee as well as its excellent training. Our trainees gain a PGCE with QTS and 60 Masters Level Credits which is equivalent to the qualification awarded by university providers.

The Suffolk and Norfolk Primary SCITT has regularly been listed in the top ten of teacher training providers in the country (Buckingham University 'Good Teacher Training Guide').

“ It has been refreshing and rewarding having a trainee in the classroom. I have been able to pass on my knowledge of teaching and watch someone grow into a great teacher, as well as learn new and up-to-date teaching ideas. I would highly recommend having a trainee as it refreshes your practice and also provides you with the rewards of helping someone fulfil their potential. ”

Amy Hilton, Mentor—Abbots Green Primary School

“ Mentoring SCITT trainees in schools has had a very positive impact on my teachers' performance and pupil achievement. The trainees are really well supported by keyworkers from SCITT who regularly monitor their progress and well-being. ”

Carolyn Taylor—Headteacher, Kelsale CEVCP School

5 reasons to choose us for your Teacher Training

1 High trainee results

In 2014, over 61% of our trainees graduated with a grade of Outstanding—the perfect start to any teaching career.

2 High quality training programme

Ofsted judged our programme to be outstanding at last inspection (June 2013). Care for the individual was also recognised as a strength.

3 Excellent employment prospects

98% of our trainees gained teaching posts by the end of their training last summer.

4 National recognition

Our Primary SCITT programme was ranked ninth nationally in the 'Good Teacher Training Guide' published by Buckingham University. Due to our outstanding training, we also feature on the Ofsted website as a good practice example.

5 Academic standing

All our Initial Teacher Training courses offer a Postgraduate Certificate in Education with 60 Masters Level credits as well as Qualified Teacher Status.
