

Supporting learning poolside: County Swimming Certificate

This course allows school staff to work with a small group of pupils of similar ability in shallow water under the direction of the Swimming Instructor.

This course enables schools to decrease group sizes and provide targeted support for individuals or groups of pupils which can help increase the overall percentage of pupils to swim 25m.

This will allow the practical application of knowledge, the understanding of teaching points and effective technique. It will also allow them to review their own swimming technique and style in the practical session.

Important information: This course is both practical and theoretical. A component of the course requires a session (approximately 1 hour) in the pool (shallow end). Time in the pool is not a test of candidates' abilities but a chance for them to: experience and explore what the tasks feel like; how the swimmer's body moves; use the resources, floats, woggles etc. The rest of the course will be in the classroom.

For further details please visit our website - S4S.norfolk.gov.uk

Dates:	22/07/2015
Venue:	Norwich Professional Development Centre and local pool
Time:	9.30 am - 4.00 pm
