Effective Personalised Support

- The Toolkits and Courses will be available throughout the year to access as a course based at the PDC and WNPDC
- The Course and Toolkits can be adapted to be delivered within a setting as a full day or twilights/ half day sessions
- Bespoke support can be adapted to the settings needs and split into full or half days

The **Teaching and Learning Service** works in partnership with Governance & Leadership, Direct Teaching Services, Schools HR and Finance to provide high quality wrap around support for schools.

Every school is different, each has its own needs, strengths, priorities and ethos. Our aim is to tailor our bespoke support to your individual requirements.

To help us deliver a package of support that can truly deliver positive impact, we recommend that you book a free initial scoping visit by one of our Advisers, who can work with your leadership team, governing body and other partners to ensure that our support offer helps your school to improve in those key priority areas you have already identified. Together we can then deliver an impactful programme of support, carefully monitored, that meet your needs - because every school is individual and unique.
