Nocturnal Nature

Visit RSPB Strumpshaw Fen at Dusk

Explore woodland and meadow habitats whilst listening for the hooting of owls and the rustling of small animals. Watch out for bats, moths and minibeasts. Handle real natural wonders and enjoy hot chocolate overlooking the Broad.

Bat Tracking: Use a bat detector to track bats and listen for their distinctive calls as they hunt for moths and midges.

Myth-moth: View live moths and dispel the myths that surround them by discovering how colourful and varied these little creatures can be.

Owl Pellet Dissection: Discover what goes crunch in a barn owl's lunch!

Hidden Habitats: Look for tracks, trails and minibeasts in a bug hunt by torchlight.

Booking Essential / £2.50 per child per 2 hour session (Adults Free)

For more information or to book a session just call 01603 715191
