iLearn – Learning with an iPad in the Primary School

Come and have an incredible day exploring the potential of the iPad to support learning.

Give pupils a whole new way of showing their understanding of knowledge across the curriculum, and find out how iPad develops higher order thinking. This course will show you how effective the iPad can be for both teachers and students, with a few free apps. Create exciting lessons, embed the technology into the curriculum and develop methods for encouraging independent learning.

Delegates will:

- identify the potential of the iPad to develop speaking and listening
- develop clear understanding of the application of the iPad across the curriculum
- identify core apps that enable engaging learning and teaching
- share ideas and identify best practice that leads to raised attainment
- use a matrix to assess the suitability of apps

Date and Time: 02/10/2015 from 9.30 am - 4.00 pm
Venue: Norwich Professional Development Centre
Cost: £165 per delegate
Course Ref: TLS-1015-T046
