EYFS Toolkit: *Communication and Language approaches*

The EYFS Toolkit focusses on developing the skills of practitioners in keys areas that will have a significant impact on enhancing the learning and teaching for the Early Years.

The Communication and Languages toolkit will emphasise the importance of spoken language and verbal interaction to develop spoken language skills. This toolkit will enable participants to develop their practice in approaches that explicitly support talking, verbal expression, modelling language and reasoning.

The approaches will include reading aloud and discussing books with young children, explicitly extending children's spoken vocabulary by introducing them to new words in context, and drawing attention to letters and sounds.

Course Objectives

- to recognise the elements that constitute highly effective communication and language approaches
- to take away key approaches that you can use within your school or setting to enhance your communication and language approaches
- to develop your skills to be able to model and develop children's spoken language skills

Date:	09/11/2015
Time:	9.30 am - 4.00 pm
Venue:	Norwich Professional Development Centre
Cost:	£165 per delegate
Ref No:	TLS-1115-T038
