# Primary PE Café training: Collectively embracing learning through PE

*Many schools in Norfolk and other Local Authorities use Cafés to increase parental engagement in children's learning.*

This course will enable primary phase schools to develop their Cafés still further by adding the learning and enjoyment of physical skills in accessible, fun ways and taking the learning outside. With a clear holistic focus on healthy child - healthy mind - healthy learner.

It is important that only staff from those primary phase schools which have accessed Café training and used Cafés attend this course, as it does not provide an introduction to the Café programme.

Delegates will be given the opportunity to see how Cafés have developed and explore how Cafés could be developed further in their own school. How to engage parents/ carers in understanding and supporting physical skills; fun, easy to replicate at home.

Practical examples will be given to delegates that focus on enjoyment, communication and engagement encompassing clear learning and developmental outcomes.

- learn how to develop cafes still further in their own school
- understand how to use Cafés to engage parents in supporting children's physical skills
- understand the benefits of a physically active child
- understand the fundamentals of physical literacy and development.

<b>Dates:</b>	<b>26/01/2016</b>
