

Statutory assessment at KS2

Support for teachers in conducting statutory assessment at the end of key stage 2: Particularly aimed at teachers new to Y6, or those returning to end-of-key-stage assessment.

Participants will explore and discuss the statutory requirements and timelines that are included in the *Assessment and Reporting Arrangements* at the end of KS2. They will become familiar with the requirements of the GPS, reading and mathematics tests. Standardisation and moderation exercises in writing will build expertise and confidence in assigning levels to writing, and prepare participants for taking part in statutory moderation.
