Norfolk Steps 3 day Step On Service Tutor Training

This training will enable you to become a Steps Tutor who is certificated to provide Step On training and consultancy within your own setting.

This course is aimed at staff from main stream schools who would like to be able to train and support their staff in the STEP ON curriculum. We encourage services to build a small team of tutors who can work together to continually influence practice as well as maintain STEP ON certification within the school.

Participants should be selected by the headteacher as suitable, sufficiently experienced and confident to train the staff within their service. This short course is able to provide the Norfolk Steps Step On product to staff who already have a therapeutic attitude to children, an ability to present and sufficient aptitude to efficiently acquire the physical skills.

NORFOLK STEPS SERVICE TUTORS ARE CERTIFICATED TO BE A RESOURCE FOR THE SCHOOL IN WHICH THEY WORK. THEY ARE NOT CERTIFICATED TO PROVIDE TRAINING OR CONSULTANCY ON A VOLUNTARY OR PAID BASIS OUTSIDE OF THEIR SCHOOL OR SETTING.

Tutors may assist with training across a broader collection of services such as an academy chain, federation or cluster but training must be led by either a Service Tutor, or by the central Norfolk Steps team.

Having a working knowledge of Norfolk Steps would be of significant advantage.

Important Information:

Step On training can be delivered by 1 service tutor to a maximum of 12 delegates per session; groups of between 12 and 24 delegates will require 2 tutors.

We also offer Service Tutor training to special schools and specialist services to deliver both Step On & Step Up please see course code STEP-0216-T003 for details.
