Depression in Children and Young People

Working together to improve the emotional and mental wellbeing of young people

Date: 15th March 2016

Location: Norwich

Time: 9.30am to 4.30pm

Number of places: 30

Aims and objectives

To improve the knowledge and skills relating to depression in children and young people, and for participants to cascade this knowledge to other staff in their organisations.

Outcomes

By the end of the course, participants will be able to:

- Understand what depression is in children and young people
- Know how to recognise signs and symptoms of depression in children and young people
- Describe effective interventions and become familiar with the evidence-base
- Know when, where and how to refer to targeted or specialist services
- Be equipped to cascade knowledge in their own organisations

Target group

Staff working in Universal (*non-specialist mental health settings*) who have some understanding of, or responsibility to support children and young people with mental health issues. Ideally participants will have attended a previous foundation course, i.e. Emotional Health Awareness Foundation Training offered by CAMHS. This course is now available on line. For further information and to access this on line course via the Learning Hub please click [here](#)

Participants will be required to cascade knowledge gained with colleagues in their setting. A tool to help with this will be provided.

Training provider:

Associate Development Solutions Ltd is an organisation made up of people with extensive experience of the mental health of children and young people; working in child and adolescent mental health services, universal services and in training and education. Our aim is to support raising the profile of the mental health of children and young people and to provide a training experience that is informative and useful.

We want people to be as involved as possible. To facilitate this, we will include small group exercises using case studies, a game, and explore how we can share skills. The day will also include DVD clips, presentations on the theory and an exploration of the care pathways in Norfolk.

Course length: One day

Cost

The course will cost £40.00. Refreshments will be provided but **participants will need to bring their own lunch or purchase food at the venue or nearby.**
