

Autism Anglia

E-Safety Roadshow

NORFOLK * ESSEX * SUFFOLK

A fully-interactive experience for parents and professionals working with internet users.

To celebrate **Safer Internet Day 2016** Autism Anglia are putting on **THREE FREE EVENTS** (free, but donations welcome) across the region focussing on the **positives** and the **dangers** of young people's internet use. Drop in for an hour between 10am and 2pm and through interactive games, activities, discussions and quizzes you will learn essential information on **Positive Use, Gaming, Hacking, Radicalisation, Social Media** and **Bullying**. Perfect for parents and anyone working with young people (with or without autism) attendees will gain a greater understanding of the ever-changing online world which can be applied to support young people to become safer online citizens.

- Are (18) rated games really that bad?
- Could you spot a spam email or will you get caught out?
- How easy is it for online predators to find out information on a social media profile? Do we really know who we are talking to?

Drop in and see us on the dates below; the whole experience will take between one and two hours. Come and get involved to help promote the safe, responsible and positive use of digital technology for children and young people.
