Raising Mathematics at Key Stage 2

A package of collaborative CPD designed to promote:

- Sustainable improvement in key areas of mathematics;
- The sharing of good practice between schools;
- The development of new 'out of cluster' collaboration between schools.

This adviser facilitated programme will focus on personalised improvement for your schools maths. It will enable the generation of case studies around sustainable improvement in a variety of areas of mathematics so participating schools can clearly evidence improvement.

Cost includes 3.5 days of training, plus a school commitment to complete all three gap tasks
