Primary English Toolkit: Guided Reading

Enable your readers.

Develop your shared and guided reading practice to enrich the reading experience of your pupils.

Being a skilled and enthusiastic reader plays a pivotal role in children's life chances. But how do we actually teach reading in primary schools? And, how can we teach it in a way which both develops skills and promotes reading for pleasure?

Delegates will explore a variety of approaches to running reading sessions. They will consider the features of effective and engaging shared and guided reading and the differences between them, at the same time as exploring how both are an integral part of any school's reading diet. There will be opportunities to participate in sessions, as well as explore a range of high quality texts and learn about a variety of approaches which can be adopted in their own classroom and schools.

By the end of the session participants will:-

- understand the features of effective shared and guided reading
- explore and understand how to use quality first texts
- be equipped with a range of approaches to teach reading

Dates:	15/03/2016
Time:	09:30 am - 4:00 pm
Venue:	Norwich Professional Development Centre
Cost:	£165 per delegate
Ref No:	TLS- 0316-T014
