*"Lazy teaching is all about making your students learn more while you work less"*

Jim's 'Lazy Way' provides you with all the arguments and evidence you need to become a lazy, but outstanding teacher. Gathered over 10 years (and counting) in the classroom the Lazy Way is based on tried-and-tested techniques that shift the emphasis away from the teaching and onto the learning.

During the training day Jim will share:

- Techniques that instantly make you work less than the students.
- Easy to apply and highly effective strategies that focus on stimulating thinking, learning, engagement and motivation for students in the classroom.
- A variety of classroom approaches that enable delegates to leave with a bucketful of new ideas that might just help teachers reclaim Sundays!

"Such an engaging presenter and he left everyone buzzing with ideas. Staff enjoyed the day so much and described him as Inspirational!"

Jim has shown thousands of practitioners across the UK how this practical and down-to-earth approach to teaching and learning helps motivate and engage all students with great results all round. Through his two best-selling books *The Lazy Teacher's Handbook* and *Whole-School Progress the Lazy Way* along with his highly entertaining and effective training and INSET, Jim helps teachers get the best out of their learners as well as re-examine their understanding of teaching and learning and fall back in love with the job all over again.
