

# Primary English Toolkit: Grammar at KS2

**Get inspired teaching grammar!  
An updated version of our ever popular  
Grammar staple.**

## Course Outline

Summer 2016 will see the introduction of the new more challenging SPaG test for KS2 children. Teaching grammar at KS2 is about so much more than preparing children for a test. It is about giving children choice and control over their writing- so they can communicate what they want to say in the best way they can. This course explores how you can make learning grammar fun and teach it in a way which actually supports children to become better writers.

## By the end of the course participants will:-

- explore the KS2 programme of study
- engage in a range of playful and practical approaches that can be embedded in future planning;
- understand how grammar can be taught in a way which encourages children to apply their skills in writing
- support preparation for the KS2 statutory assessment.
