

Let's InterGREAT!

Assessment and teaching and learning strategies for New to English / EAL pupils.

Course Outline

This is a 3 day course for teachers on assessment and effective teaching and learning strategies for New to English and English as an Additional Language (EAL) pupils.

Assessment and assessment for learning strategies for New to English and EAL pupils, EAL pedagogy and practice, speaking and listening activities and resources to support language development and a range of effective teaching and learning strategies to ensure New to English / EAL pupils access the curriculum through Quality First Teaching.

By the end of the training participants will:-

- be able to assess pupils to inform their planning and teaching
- understand EAL pedagogy and its impact on teaching and learning
- be able to use a range of speaking and listening strategies to enhance their practice
- plan and differentiate to meet the learning needs of all pupils including those that have English as an Additional Language (EAL) and are New to English (NtE) in a positive, stimulating and creative learning environment.
