

# Certificate at Level 4 in Leadership & Management in PE in Primary Schools

**Leading PE – pupil experience central to all decisions and planning.**

## Course Outline

This is our fifth year of running this programme and we are delighted to be working with Gateway Qualifications – the Awarding Body for this qualification we wrote. It is a partnership which works well as they, like us, are committed to high quality.

This course will help you to lead and manage PE in your primary school. It covers all aspects of leadership and management and allows you the time to put ideas into practice, develop and share resources and formulate your schools offer – one which meets and challenges the needs of your young people.

We want all our learners to have a high quality learning experience and are committed to ensuring this aim.

**This course is suitable for NPETCS trained staff.**

**The outcomes through the course are centered around the below bullet points and during the course we reflect and share practical examples of best and good practice.**

- Evaluation, and discussion of current policies and practice in your own school.
- Curriculum design and implementation relevant to the PE NC 2014 (including assessment).
- Accountability and monitoring of the quality of teaching and learning in PE – pupil experience, teacher expertise.
- Health and safety in PE.
- Use of the PE Premium to be impactful and sustainable.
