

Norfolk Steps 5 day Service Tutor Training

This training will enable you to become a Steps Tutor who is certified to provide Step On and Step Up training and consultancy within your own setting.

The course is aimed at staff from special schools and specialist services who would like to train and support their staff in the Step On and Step Up curriculum. We encourage services to build a small team of tutors who can work together to continually influence practice as well as maintain STEP ON and STEP UP certification within their service. Staff attending the 5 day course should have operational experience of using STEP UP as a practitioner prior to attending the course.

Participants should be selected by the headteacher as suitable, sufficiently experienced and confident to train the staff within their service. This short course is able to provide the Norfolk Steps product to staff who already have a therapeutic attitude to children, an ability to present and sufficient aptitude to efficiently acquire the physical skills.

NORFOLK STEPS SERVICE TUTORS ARE CERTIFICATED TO BE A RESOURCE FOR THE SETTING IN WHICH THEY WORK. SERVICE TUTORS ARE NOT CERTIFIED TO PROVIDE TRAINING OR CONSULTATION ON A VOLUNTARY OR PAID BASIS OUTSIDE OF THEIR SCHOOL OR SETTING.

Tutors may assist with training across a broader collection of services such as an academy chain, federation or cluster but training must be led by either a Service Tutor, or by the central Norfolk Steps team.

Important Information:

Step On training can be delivered by 1 service tutor to a maximum of 12 delegates per session; groups of between 12 and 24 delegates will require 2 service tutors. All Step Up training requires 2 service tutors.
