

Primary EAL Health Check Course

**Do you have EAL pupils in your school?
Here's a course that will help you check that
what you have in place will deliver the best
outcomes for your EAL pupils**

Course Outline

The EAL Health Check course will offer Primary schools the opportunity to review their EAL policies and procedures, whether or not you have a couple of isolated learners or a school with a high percentage of EAL pupils.

It will look at the key aspects of Admission, Induction, assessment, resourcing and offer tasters of strategies that work well with New to English as well as more advanced learners of English.

Proformas of documents e.g. EAL register will be available and follow up sessions in schools are encouraged to ensure that schools feel confident to admit and teach their EAL pupils to ensure the best outcomes for these pupils

By the end of the course participants will:

- use the knowledge they have gained to identify their EAL population
- be in a position to ensure the best outcomes for EAL pupils can be achieved by reviewing the practice in their schools.
- have access to an action plan that will form the basis of change within their school
- understand that in some cases this is the beginning of the journey
- and that follow up visits and courses will help clarify aspects of their practice they feel need to be improved.

Phase

Primary

Audience

Middle Leaders, NQTs,
Classroom Teachers,
High Level Teaching
Assistant
Leadership Team
EYFS Teachers
Governors
EAL
SENCO's
