Working together to raise achievement in the early years through effective transitions

We would like to invite you to this launch event to hear about the training and professional development opportunities available to early years settings and schools.

The session will involve a presentation around the theme of Transitions and each provider will be able to choose 2 relevant children's picture books to support the transitions work in the setting.

Achievement, Inclusion and the Home Learning Environment teams will be present to share current project work and training packages.

There will also be an opportunity on the day for networking, expressing any additional training needs and information about how to book a visit to the Early Years Best Practice Room at Woodside in Norwich.

Although this event is fully funded, booking is essential. Initially one place is available per provider and places will be allocated on a first come first served basis.
