

Pre Key Stage Standards: Assessing pupils working below the standard of the key stage

This half day event will focus on the interim pre-key stage standards from the Rochford Review.

Course Outline

This is an opportunity for delegates to look in depth at the criteria for attainment bands in the pre-key stage teacher assessment frameworks for KS1 and KS2. Delegates will explore and discuss the examples provided and will then take part in a professional dialogue about judgements made against their own evidence bases, with a partner. A question and answer session will then conclude the event.

This event is suitable for teachers with pupils in education in mainstream or specialist provision.

Delegates will:

- Develop confidence in accurately assessing pupils against the pre key stage standards
- Understand the range of evidence needed to accurately assess against the criteria
- Gain an understanding of gaps in teaching and learning that need to be addressed
