Making Maths Count

Target audience

EYFS staff and YR teachers

Training provider

Norfolk County Council

Cost per place

£300

How to enhance the development of number skills and improve young children's knowledge and understanding of early mathematical concepts.

A 2 day practical exploration of how to enhance and develop the mathematical environment, develop creative and practical approaches to maths in the early years and improve the outcomes for children in early years maths.

This course will enable participants to:

- Recognise the elements that constitute highly effective early numeracy approaches
- Take away key approaches that can be used within the school or setting to enhance early numeracy strategies that will support the development of skills, knowledge and understanding

It is essential that participants attend both days as the start of day 2 will be to feedback and share the implementation of ideas from day 1 with the other participants.

Course length: 2 days
