

# Primary Science Evening

by Learning Resources UK

**Inspiring practical Science in Norfolk Primary Schools!**

In celebration of **British Science Week**, an evening of ideas and inspiration to bring Science, Design Technology, Computing and Maths to life in Norfolk Primary Schools.

Connecting schools, support services and resource providers, the **free-to-attend** event provides the opportunity to:

- Inspire and share science ideas and initiatives
- Learn about STEM and opportunities with your local STEM Centre
- Discover the latest science resources and activities in line with the National Curriculum
- Receive support materials and special offers

Also Educator Solutions STEM coordinator, Bernice Dixie, will be talking about STEM and the future projects for STEM in your school.

For anyone enthusiastic about primary teaching and learning.

**Date and Time:**

Thu 16 March 2017  
17:00 – 18:30 GMT

**Location:**

The Howard Junior School  
Parkway  
King's Lynn  
PE30 4QJ

Please register early to avoid disappointment. You can book your place at:
