

Dear Sir/Madam,

I am writing to invite you to visit our new aviation academy, opening later this month.

In the week of the 27th of April first of Aviation Skills Partnership (ASP's) skills academies: International Aviation Academy – Norwich (IAA-N). It is a brand-new, purpose-built training academy that will help provide a sustainable supply of the next generation of aviation professionals, covering six areas: professional pilots; cabin crew; airport operations; maintenance engineers; operations & crewing; and air traffic control. Our facilities include a full-size operational airplane (A Boeing 737) and helicopter for unrivalled accuracy in our aviation simulations.

Aviation Skills Partnership (ASP) is an independent organisation dedicated to making aviation accessible to all. We work with the aviation industry, employers, trainers and educators to design, develop and implement, at a local level, employer-led world-class training and education and career pathways to provide skilled manpower for the aviation sector, and to enhance the skills and the training and development of the existing workforce.

ASP would like to offer you, as one of our local schools, the opportunity to visit our brand new aviation academy and to show you how we can work together to create learning and enrichment activities for children as young as age 8. We believe that by working closely with you, we can use the academy to inspire a new generation of aviation professionals and help them on their pathway to an exciting career in the UK and global aviation industry.

We are arranging networking day on the **4th May 2017, 11:00-13:00 at the International Aviation Academy, 5 Anson Road, Norwich NR6 6ED** to discuss opportunities to work together.

The meeting will include a tour around the Academy to see the comprehensive new facilities, and networking session please contact me at the address or email above to confirm your attendance.

I look forward to hearing from you and to meeting you soon.

Yours sincerely,

Valerija Majevska

ASP> EAST Regional Manager
