

# 25<sup>TH</sup> APRIL 2017 NORFOLK TEACHING WITH TECHNOLOGY EVENT

**Keynote from Education ICT Evangelist and Broadcaster - Russell Prue.**

We have joined up with Microsoft, Google and Apple education teams to bring you an event on making the best use of technology in your classrooms to improve the learning experience.

Hear from schools using the tools on their journey with implementation and the improvements it has had on learning outcomes.

It's an amazing opportunity to try out the latest technologies in the classroom, talk to specialists about CPD development for staff, and how students can get the benefit of certifications to become job or college ready once they leave school.
