

Toolkit: Grammar at KS2

Get Inspired to teach grammar!

Course Outline

Grammar is woven deep into the content of the English curriculum, but the teaching of grammar is about more than learning terms and preparing children for a test. It is about giving children control over their writing so they can communicate in the most effective way. This course unpicks grammatical terms, explores real teaching applications and demonstrates how children can use this knowledge to become more confident, capable writers.

By the end of the course participants will:-

- explore the KS2 grammar programme of study
- engage in a range of playful and practical approaches that can be embedded in future planning
- understand how grammar can be taught in a way which encourages children to apply their skills in writing
- be prepared for KS2 statutory assessment
