Refresher course – Developing EAL language skills with Mantra Lingua's PenPal

**Do you have a PenPal (Talking Pen)
for use with EAL learners and need to
refresh or improve your skills in using
this effectively?**

Course Outline

Delegates can bring their PenPals and Bi-lingual Talking Visual dictionaries / books to this session in order to :

- Refresh skills needed to use free FreeLINK software that allows for uploading files onto the Pen
- Enhance expertise in practical application of the Pen to support EAL language development
- Be informed and familiar with the Mantra Lingua free software's features

In addition, Mantra Lingua provide training in and opportunities to try out:

- Kitaboo club (e-books and worksheets)
- Software to create an induction pack for parents in their home languages

o

By the end of the course participants will:

Have refreshed their skills in regards to using PenPal and considered additional applications.
