Developing EAL language skills with Mantra Lingua's PenPal

Educator Solutions

This course helps you to support EAL learners' vocabulary development using PenPal (Talking Pen) and Bi-lingual Talking Visual dictionaries and books.

Course Outline

Delegates will be shown the educational application and usefulness of PenPals and Bilingual Talking Visual dictionary for Primary and EYFS pupils. Both of these resources are included in the course's fee. In addition, Mantra Lingua will provide training in and opportunities to try out:

- Talking Dual Language books
- FreeLINK software training
- Free software to create your own sound enabled resources
- Key phrases poster
- Kitaboo club (e-books and worksheets)
- Software to create an induction pack for parents in their home languages

By the end of the course participants will:

Have at their disposal a practical resource which enables EAL learners to make accelerated progress in language acquisition.
