

SPaG Teaching Resource for Primary School Teachers

Educator Solutions are proud to present an unique approach to teaching Spelling, Punctuation and Grammar as required by Key Stage 2 Curriculum Assessment.

Course Outline

Fran Nantongwe, an experienced English specialist, was motivated to create high quality, reliable teaching resource to support the teaching of SPaG.

Fran understands that it is not only children who experience anxiety when getting to grips with SPaG, both new and experienced teachers can feel daunted by the complexity of the new curriculum.

Fran will be presenting the new resource and seeking teacher feedback so a teachers' workbook can be developed. Participants will have a chance to contribute to the teachers' workbook to ensure that it is an effective, useful resource to support their own teaching and pupil outcomes.

By the end of the session, delegates will ensure:

- understand how to use the new SPaG resource by trailing the activities
- have an opportunity to contribute to the content of the finalised teachers' workbook.
