Autumn Term Visits to Easton Campus Farm

Do you have a class who would:

- benefit from making butter
- love to be turned into a 'human combine harvester'
- enjoy making their own 'craft farm' to take back to school
- be fascinated by our farm animals
- be able to follow a recipe and make their own animal feed

We are able to accommodate school visits from Monday 18th September, offering visits 5 days a week.

Charges from £3-30 - £5-80 per child, (minimum charges apply for small groups), we will work with you to find the best option for your class.

Many of our programmes can accommodate up to 60 children per visit.

Partial travel grants may be awarded through the Clan Trust after the visit, to help towards the costs of the trip.

All visits led by trained and dbs checked staff

For further details and to receive a full 2017-2018 programme please contact Ruth Cannon, Schools Technician,
