

Vocabulary for Success Toolkit

This one-day course will boost teacher's subject knowledge and equip them with the skills to teach explicit vocabulary instruction.

Course Outline

The research is vast: Vocabulary matters! Develop with the skills to discern and select the vocabulary which will both maximise and allow children to express learning, together with effective, practical systems to teach vocabulary and ensure it sticks.

Vocabulary is an essential prerequisite for successful outcomes in reading comprehension and quality writing. Explicit vocabulary teaching can unlock texts and topics for all learners and provide children with the tools they need to express themselves. Don't leave vocabulary acquisition to chance – leave with the skills to select vocabulary which will enhance your children's learning, methods to make that learning memorable, and effective practical systems to support your teaching.

By the end of the course participants will:-

- understand the importance of explicit vocabulary instruction;
- be equipped with effective methods and processes to select and effectively teach vocabulary;
- be familiar with resources available to support the teaching

Phase

Primary

Audience

Subject Leader, Classroom Supply Teacher, Returners to Teaching, NQTs, HLTA

Trainer

English team

Date

02/11/2017

Time
