Meet the team!

**Claire Taylor,
Team Manager**

I've worked as a SaLT for 20 years, including children's, service, adult learning disabilities and forensic services. I am responsible for the day to day service operations.

Children's Speech and Language Therapy Newsletter

VOLUME 1, ISSUE 1

11 SEPTEMBER 2017

Screening Tools

If you are not sure if a child needs a Speech and Language Therapy Referral, there are a number of screening tools that we recommend.

Talking Point: provides an ages and stages based online tool, For each age bracket you are required to answer a small number of questions and the outcome is guidance regarding next steps.

Talking Points Speech Language and Communication Screening

If you prefer a more 'old school' paper approach then the Communication Trusts 'Universally Speaking Books may be up your street. They are free to download, or you can order one free copy per person. The link is below

Universally Speaking

Pre-School Drop-ins

The new drop in dates for pre-school children have been published on our website;

Autumn Drop in Sessions

No appointment is necessary at a drop in session, however depending on demand you may need to wait. You will be able to have an informal chat with a Speech and Language Therapist for 15-20 minutes and received some specific advice. If your child needs further assessment the therapist will let you know. These sessions are not appropriate for children with more complex needs or social communication difficulties. In this case children should be referred using our Access Line: 01493 809977

Training

Our team of therapists provide training to a wide range of setting and groups.

Early Years

If you work within early years you our training is available through Norfolk County Council Early Years Team. Further details can be accessed on their website:

Early years Training

School Age

Our training programme for schools is booked directly through our team and details can be found on our website:

School Age Training

Bespoke Training and Provision

We are able to provide bespoke training and individually commissioned speech and language therapy, Please contact us for more details.
