

Expected prior knowledge

This course is a balance of theory and practical strategies. It builds on the foundations of knowledge about dyslexia established in the Level 1 and 3 Dyslexia Awareness courses although there is no requirement for you to have done these first.

Please note that a Level 3 course is equivalent to an A level standard.

If you are uncertain about whether this course is for you, please contact one of the course tutors.

Is this course for me?

This course is for you if you

- are interested in dyslexia and how and why different aspects of maths can cause difficulties for individuals with dyslexia
- work with pupils with dyslexia between the ages of 5 and 18
- want to remove the barriers that difficulties with maths may create for young people

Certification

The qualification will be awarded based on activities completed during the sessions and compiled into a portfolio of evidence.

Content

You will learn

- common indicators of dyslexia as they appear in maths learning
- how difficulties with working memory affects maths learning
- what is meant by 'maths stress' and 'maths anxiety' and how each can affect learning
- what strategies, resources and interventions can support maths learning for individuals with dyslexia
- what role technology can play
- what assessments are available and how they might be used

Practicalities

Dates: Apr 17, 24 (2018)

May 1, 8, 22

Jun 5, 12, 19

Time: 13.30—16.00.

Venue: Taverham High School

We can also run this course in your cluster if you provide the venue.

In addition to the above taught sessions the course will require an element of independent work.

Attendance: you will need to attend every session

Cost: £350 per person (£315 to DOS members), to include maths resources toolkit.

To apply: Contact Cathy Partington, DOS administrator
